

NCTS-TYPE C TO HDMI 12 IN 1

Large USB C Hub: 12-in-1 USB Type-C Hub includes Ethernet/RJ-45 port, Type-C PD charging port, 2 USB 3.0 ports, 2 USB 2.0 ports, 2 HDMI video outputs at 4K resolution, VGA, and Micro SD and TF card readers. SD card slot and TF card slot can be used on the hub at the same time. Microphone/audio port design is extremely compact,

Ultra HD 4K Output and Triple Display: Use the USB C adapter HDMI port to mirror or extend your screen and stream 4K UHD or Full HD 1080P video directly to your HDTV, monitor or projector for a movie-like visual feast. Triple display: one display HDMI1 output, one display HDMI2, one display VGA output, but only Windows system supports MST, Mac OS does not. Screen switching shortcut: Windows + P. Triple display makes it easier for you

to manage multiple applications.

Reliable and super-fast data synchronization: Two 3.0 USB ports support transfer speeds up to 5 Gbps. Two USB 2.0 ports with 480 Mbps transfer speed. Because USB 3.0 radio frequency interference wireless connection, it is recommended to connect the USB 2.0 port located on the other side of the USB 3.0.

Wide Compatibility: Compatible with the latest laptops and smart devices with USB C ports: Mac book 12” /Pro, Mate Book X, mi air12.5/13.3, Google chrome-book 2016, etc. on Windows 7 Works on /8/8.1/10, Mac OS X 10, 6, Linux 2.6.14 or later OS.
