NCTS-CM4060 CM Series
Universal Projector Mounts

NCTS-CM4060

Product Features

- **Universally Compatible:** fits virtually all projectors on the market. Four adjustable arms can be rotated individually and extended/retracted to suit various projector mounting patterns.
- **Multi-Function Mount:** 3-In-1 mounting plate can be used for for flat or sloping ceiling installation as well as for wall installation.
- **Full-Motion Design:** Pitch: +/-15 degrees, Roll: +/-8 degrees, Swivel: 360 degrees. The retractable column provides height adjustment.
- **Heavy Duty Construction:** made from high grade steel and supports up to 66lbs/30kg.
- **Safe and Easy Installation:** easily bolts to you projector with provided hardware. The quick release connector allows the projector to be easily released for maintenance and reinstalled without re-alignment.
