

# NCTS-IN06A1 (305M)

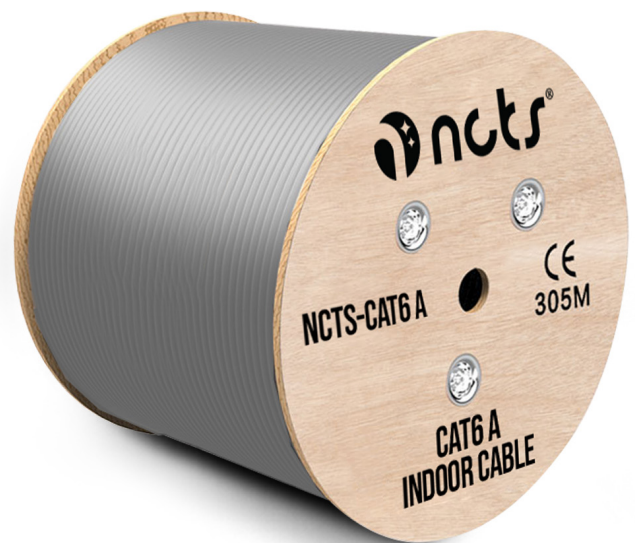

CAT 6A U/FTP 4P+F Twisted Pair  
Indoor Cable | 23AWG | Copper

## NCTS-IN06A1

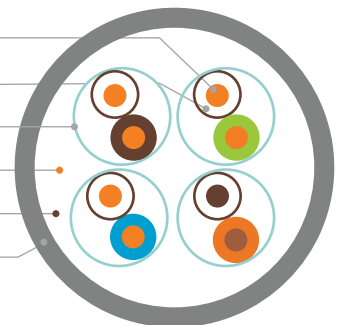

GTIN 6295151551363

### Feature & Advantages:

CAT6A Cable is designed for improve crosstalk performance between cables applying in 10GBase-T Ethernet with up to 500MHZ bandwidth. HDPE insulation and pair shield design make the cable with excellent shielding & anti-EMI performance.

- Conductor
- Skin - Foam - Skin Insulation
- Pair Shield
- Drain Wire
- Rip cord
- Jacket

# CAT 6A U/FTP 4P+F Twisted Pair Indoor Cable | 23AWG | Copper

## Technical Specifications

**MODEL: NCTS-IN06A1**

GTIN 6295151551363

Brand:	NCTS	Color:	light GREY
Conductor Material:	Copper	Conductor Size:	23AWG (0.58mm)
Conductor:	Solid	Twisted Pair:	4PAIRS
Structure:	4P+F Twisted Pair	Jacket Material:	PVC
Insulation Material:	HDPE	Insulation Diameter:	0.98mm(±0.02mm)
Insulation Thickness:	0.18mm	Jacket Thickness:	0.65mm(±0.02mm)
Outer diameter:	6.5mm(±0.2mm)	Stretching Resistance:	(max)450N
Impedance:	100±15%Ω	Frequency:	500MHz
Flame Retardancy Standard:	CM / CMR	length:	305M
		Reference standard:	YD/T2001-1019, ISO/IEC 11801, ANSI / TIA / EIA-568B, UL444
