

NCTS-ON06A2 (500M)

CAT 6A U/FTP 4P+F Twisted Pair
Outdoor Cable | 23AWG | Copper

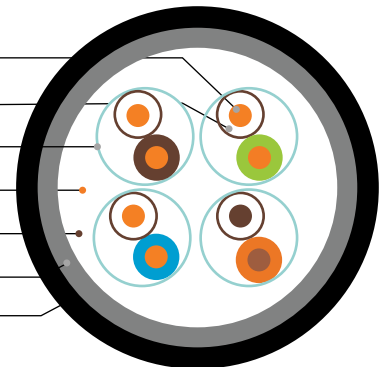

NCTS-ON06A2

Feature & Advantages:

CAT6A Cable is designed for improve crosstalk performance between cables applying in 10GBase-T Ethernet with up to 500MHZ bandwidth. HDPE insulation and pair shield design make the cable with excellent shielding & anti-EMI performance.

CAT 6A U/FTP 4P+F Twisted Pair Outdoor Cable | 23AWG | Copper

Technical Specifications

MODEL: NCTS-ON06A2

Brand:	NCTS	Color:	Black
Conductor Material:	Copper	Conductor Size:	23AWG (0.58mm)
Conductor:	Solid	Twisted Pair:	4PAIRS
Structure:	4P+F Twisted Pair	Jacket Material	PVC (Inside)+PE(outside)
Insulation Material:	HDPE	Insulation Diameter:	0.98mm(±0.02mm)
Insulation Thickness:	0.18mm	Jacket Thickness:	0.65mm(±0.02mm)
Outer diameter:	7mm(±0.2mm)	Stretching Resistance:	(max)450N
Impedance:	100±15%Ω	Frequency	500MHz
Flame Retardancy Standard:	CM / CMR	length:	500M
		Reference standard:	YD/T2001-1019, ISO/IEC 11801, ANSI / TIA / EIA-568B, UL444
