DESCRIPTION

A projection screen is a flat or curved surface onto which an image is projected, typically from a video projector. It is designed to reflect the projected light in a way that enhances the image's clarity, brightness, and contrast for the viewer. The screen can be made from materials such as fabric or specialized vinyl that optimizes the display quality. Projection screens are commonly used in home theaters, conference rooms, classrooms, and cinemas. The size of the screen, its aspect ratio, and the material's reflective properties play a crucial role in the overall viewing experience.

NCTS-M150

FEATURES

- Self lock spring system
- High-quality display
- Matte screen surface
- Compatible with all Standard UHD/HD projectors
- Adjustable height
- Size: 1.5 x 1.5

Size: W x H 1500 x 1500 mm

Screen Thickness: 0.38 mm Mate White

Package Size: 1730 x 100 x 100 mm

Gross Weight / Net Weight: 6.5 / 5.5kg

NCTS-M180

FEATURES

- Self lock spring system
- High-quality display
- Matte screen surface
- Compatible with all Standard UHD/HD projectors
- Adjustable height
- Size: 1.8 x 1.8

Size: W x H 1800 x 1800 mm

Screen Thickness: 0.38 mm Mate White

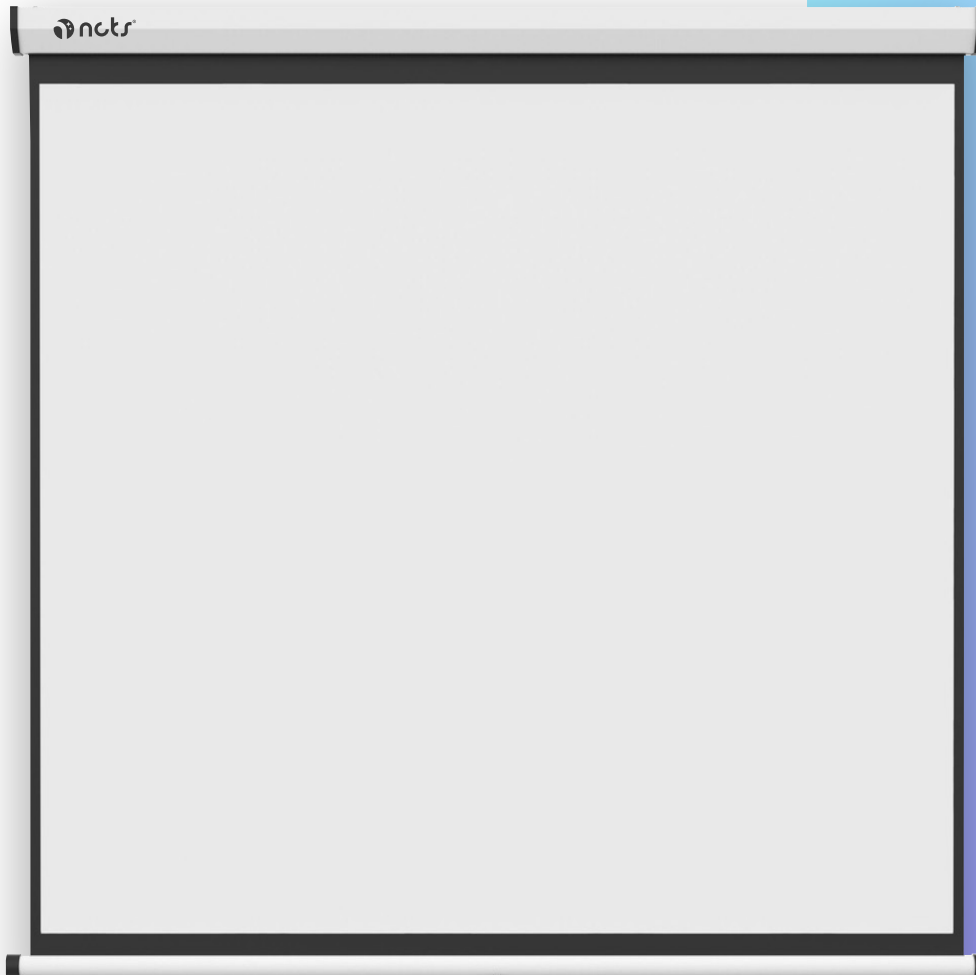

Package Size: 2030 x 100 x 100 mm

Gross Weight / Net Weight: 7.5 / 6.5kg

NCTS-M200

FEATURES

- Self lock spring system
- High-quality display
- Matte screen surface
- Compatible with all Standard UHD/HD projectors
- Adjustable height
- Size: 2.0 x 2.0

Size: W x H 2000 x 2000 mm

Screen Thickness: 0.38 mm Mate White

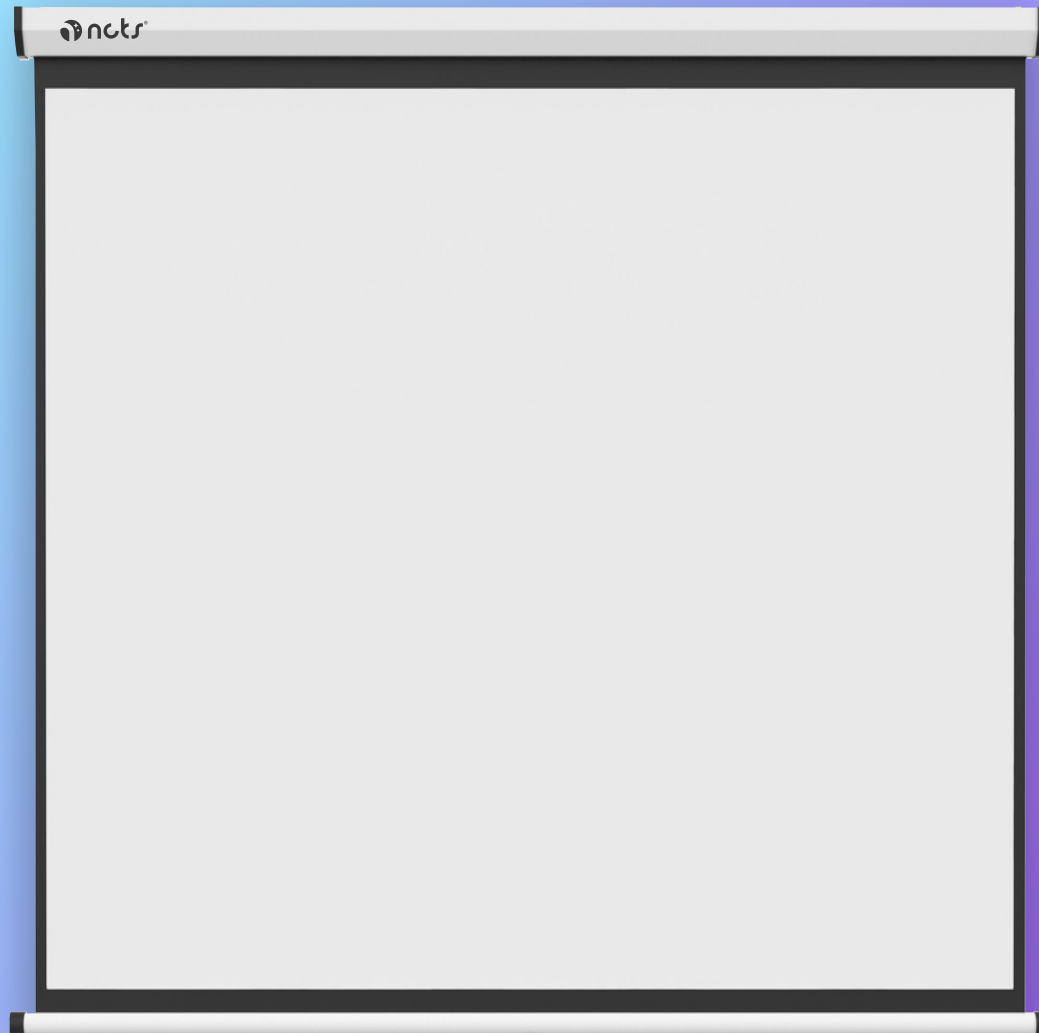

Package Size: 2230 x 100 x 100 mm

Gross Weight / Net Weight: 8.0 / 7.0kg

NCTS-M240

FEATURES

- Self lock spring system
- High-quality display
- Matte screen surface
- Compatible with all Standard UHD/HD projectors
- Adjustable height
- Size: 2.4 x 2.4

Size: W x H 2400 x 2400 mm

Screen Thickness: 0.38 mm Mate White

Package Size: 2240 x 115 x 115 mm

Gross Weight / Net Weight: 12.0 / 10.0kg

NCTS-M300

FEATURES

- Self lock spring system
- High-quality display
- Matte screen surface
- Compatible with all Standard UHD/HD projectors
- Adjustable height
- Size: 3.0 x 3.0

Size: W x H 3000 x 3000 mm

Screen Thickness: 0.38 mm Mate White

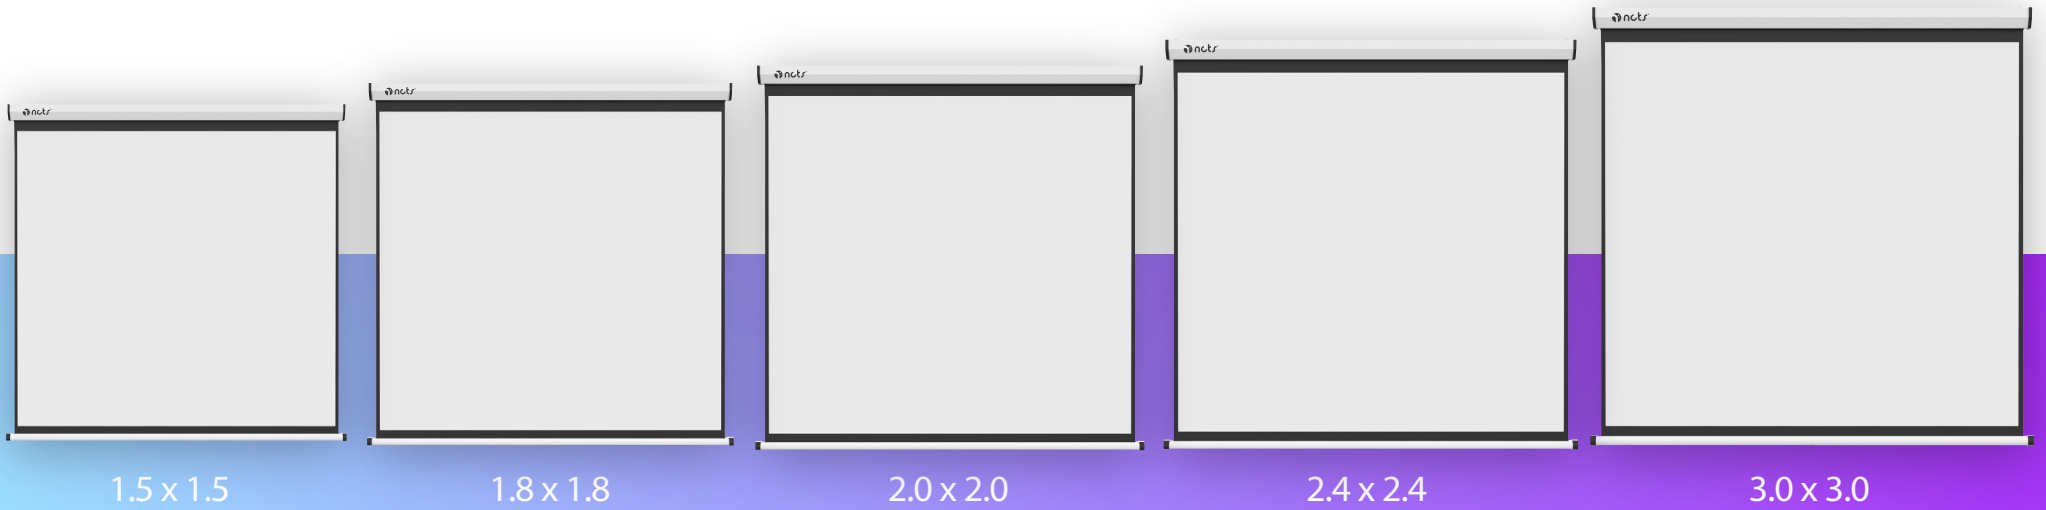

Package Size: 3240 x 115 x 115 mm

Gross Weight / Net Weight: 12.0 / 18.0kg
